Read the following passage

Philosophy of Education is a label applied to the study of the purpose, process, nature and ideals of education. It can be considered a branch of both philosophy and education. Education can be defined as the teaching and learning of specific skills, and the imparting of knowledge, judgment and wisdom, and is something broader than the societal institution of education we often speak of.

Choose the most accurate description of Education according to the passage :

1. Education solely refers to the teaching and learning of specific skills.
2. Education encompasses the imparting of knowledge, judgment, and wisdom, along with teaching specific skills.
3. Education is limited to the societal institution on education.
4. Education focuses only on the process of learning.

Options :

1. ✖ 1
2. ✔ 2

3. ✖ 3

4. ✖ 4

Question Number : 120 Question Id : 3922669120 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
